

## About Us:

**Electronica HiTech Machine Tools Pvt. Ltd.**, a company of **SRP Electronica Group**, was formed with a focused approach towards providing solutions for Metal Cutting & Metal Forming industry.

We also started the EDM division in Jan 2014, with a view to cater to our esteemed customers.

While sourcing Metal Cutting and Metal Forming machines from various principals located all over the world Electronica HiTech brings Global Technology at customer's doorstep.

We have developed the relationship with all well-known principals across the worlds who are manufacturing most innovative products. Our long-standing experience in the field enables it to select the most appropriate technology for the customers. Electronica HiTech is creating, nurturing and expanding the Indian Market for Metal Cutting Machines and Metal Forming.

The organization believes in providing solutions to every segment from SME's to corporate by sourcing appropriate products. Electronica HiTech provides end to end services, right from pre sales to post sales services, across India, through its wide spread branch networks and develops long term relationships with its valued customers, throughout their growth journey.

Electronica HiTech aims at creating a work culture, based on the foundation of ethical business practices, to improve employee and customer satisfaction.
